

Metal Detectable Jumbo Pallet Marker

Part Number: MDPM

Product Description: The metal detectable jumbo pallet marker is a large capacity permanent marker designed for use on paper, wood, plastic, glass concrete and clean or printed metals. The body of the marker is made from aluminum and features a metal detectable cap.

The oversized broad polyester nib is designed for the bold, permanent and highly visible marking of pallets and other objects within an environment that requires due diligence in the prevention of foreign body contamination.

Product Dimensions: 150mm x 27mm

Product Color: Metallic with black cap and nib

Ink Color: Black

Pack Size: Box of 10

Product Advantages:

- Body and cap can be detectable by in-line metal detection systems
- Oversized broad nib for the clear marking of pallets and large objects
- Contains sure flow ink - will continue to flow for several days even with the cap left off
- Permanently marks paper, wood, plastic, glass, concrete and metal
- Can be used as part of HACCP and BRC procedures
- Displays due diligence in the prevention of foreign body contamination

Product Materials: The marker body is aluminum, the cap is a made from metal detectable linear low density polyethylene (LLDPE), the nub is polyester and the ink is alcohol based permanent ink.

Handling/Storage: Store at room temperature, keep away from direct heat and keep in original container.
